STUDENT LEADERSHIP INSTITUTE

Biblical Leadership

Dr. Jay Strack, founder of Student Leadership University, teaches students that “they will be the same ten years from now as they are today except for the books they read, the places they go, the people they meet, and the things they memorize”. Cottage Hill Student Leadership Institute provides students year-round opportunities to read the right books, go to the right places, meet the right people, and memorize the right things. Members of Cottage Hill Student Leadership Institute are given the opportunity to travel the world and meet real world changers who hold to a biblical worldview.

At the beginning of each school year, students make application to enter the Cottage Hill Student Leadership Institute (CHSLI). CHSLI students maintain transcripts in order to keep up with their development. This system of accountability is based on credits received, participation in various activities, and service opportunities. As students accumulate credits, they become eligible to participate in opportunities like the Student Leadership University program that takes place each summer and build a solid resume for college applications and scholarships. Last year, CHSLI students were awarded scholarships totaling over \$125,000 at universities throughout the country.

Servant Leadership

Students in CHSLI are afforded a variety of leadership development opportunities throughout the year. These opportunities are local, national, and international in scope. CHSLI students have opportunities to be taught and mentored by local business professionals. They participate in “Leadership Rocks” each year with other students from around the Southeast. CHSLI students have been invited to participate in one of the largest leadership training conferences in the nation. Don’t miss this incredible opportunity to get a look at events like “Leadership Rocks”, “Chick-Fil-A University”, and “Student Leadership University” at Cottage Hill Christian Academy.

Cottage Hill Student Leadership Institute students have taken part in and have had the opportunity for a wide range of meaningful moments from laying wreaths at the tomb of the Unknown Soldier in Arlington National Cemetery to walking the beaches of Normandy. They have walked through the war memorials in Washington D.C. and acknowledged that freedom comes with the greatest price. CHSLI students have heard lectures from English royalty, professional athletes, powerful politicians, self-made millionaires, and ordinary people who have been used in extraordinary ways to make an eternal difference.
